

Growing a business with big ideas?

We can help!

The Catalyst Credit Line is an asset-based loan (ABL) to provide your sustainable business with the capital you need to grow.

- More competitive rates than traditional ABL lenders
- Funding for what you need through a tech-enabled platform

If you're a U.S.-based company generating at least \$500,000 in revenue and have accounts receivables and/or inventory to secure a line, you may qualify for a revolving line of credit up to \$10 million.

Contact us today at workingcapital@newresourcebank.com and join the inspiring community of sustainable companies the bank supports including:

Headquarters
